

# *A touch of Class, a Touch of Colour*

The intimate and elegant venue for *Top Billing's* Spring Event will be held at Morrells Boutique venue – a stone's throwaway from prestigious Northcliff Hill and situated in a calming miasma of grace and grandeur. This alluring boutique venue holds the atmosphere of warmth and exquisite décor of a bygone era. Morrells is the epitome of style and what better way to commemorate *Top Billing's* motto of 'Celebrating the good life' with a delightful day packed full of re-connecting and rejoicing the month of spring!

This themed event will be taking place on 11 September from 10:30-15:00. Set in one of Morrells' elegant function rooms, audience members will be enlightened with an array of eclectic speakers, exciting demonstrations and samples of the day's delights.

## Colour

The exuberance of rich hues of reds and oranges and the soft and subtle tones of pinks and greens are imperative for one's wellbeing, as they serve as a means of establishing the mood and emotional balance of a surrounding environment. We all want to feel content and soothed in our homes and place of work. A bright and sunny room with an inviting and comforting colour focus can clear all aspects of negativity and tension, whereas a dull room, full of boring and monotonous hues, invariably lacks the warmth of joy. Helen Gurura, a colour design consultant and an Executive Vice-President of the IACC (International Association of Colour Consultants) will be giving a wonderful and refreshing colour forecast for spring, visually inspiring the audience with her knowledge on the very beneficial aspect of colour. (This will be a guaranteed pleasurable treat for the senses!)

## Fashion

Looking and feeling comfortable are essential attributes to one's wellbeing. We all want to feel good in what we wear, thereby emphasising our natural beauty, body shape and character. Janine Starkey (the owner and founder of House of Janine, the leading fashion designers and image consultants) will be speaking about personal image, etiquette, grooming... and how to dress so that you look 5kg lighter! The focus will be on looking good and how to improve one's natural look, thus enabling women to understand their bodies and go out feeling confident, relaxed and energised.

## Flowers

After witnessing the uncovered trees of winter and experiencing the budding shows of spring, we are transfixed to the greenery and blooms that abound. Spring is a melting pot of colour and what better way to start off the day than with a colourful and aromatic flower demonstration – a veritable rebirth of everything fresh, fragrant and new! Bernice Morrells, the owner of the boutique venue, will be enlightening the audience and presenting a full and dedicated experience on easy ideas for table arrangements. She will divulge her secrets for what the best flowers and natural objects are to use for memorable occasions, how to incorporate medleys of fruit into your displays and how a table-setting can capture the senses and sensations of your guests. Constructing a desirable and earthy creation of coloured perfection will leave a visual impact on the audience, encouraging members to have the confidence to create their own astounding of flowery creations.

## Relaxation

Have you ever wondered about the benefits of touch, and the totally indescribable and soothing aspects of massage? We're talking about the type of treatment and experience that will ease away tension and clear your mind? Just Haven, a luxurious nomadic treatment experience, will be giving audience members a chance to enjoy a mini treat with one of their professional staff members. This is your chance to share in an indulgence that will leave you with that feeling of, well... Just Haven!

## Amiston Bay Wine

Escape from the hustle and bustle of city life and head for the tranquillity of Amiston Bay – an unspoilt coastline that's synonymous with a carefree lifestyle – simply by filling your glass with the fresh, crisp wine. Inspired by the sunny skies and pristine beaches of the quaint fishing village from which it derives its name, this unpretentious wine is ideal for carefree, alfresco dining or easy drinking wine occasions – anywhere, anytime.

Accessible and unconventional, Amiston Bay wines have become the favourite among contemporary wine-lovers. Amiston Bay provides a range of lifestyle wines for every occasion, whether socializing with friends or enjoying some quality private time.

Amiston Bay is one of the best-selling international brands in the United Kingdom, the Far East and parts of Europe. Available in a variety of packaging alternatives, the range has a multitude of offerings, from easy-drinking, entry-level wines to more sophisticated wines for discerning palates.

### The place that inspired the wine

The small fishing village of Amiston, situated at the most southerly point of the African continent, is famed for white dunes, turquoise waters, whitewashed, thatched cottages and the countless wrecks that dot its jagged coastline. Amiston is less than a two-hour drive from Cape Town, thus making it ideal and easy escape from the rush of city life. Outdoor activities abound here, but sitting back and relaxing in a deck chair is always a firm favourite for locals and visitors alike.

## Book early to avoid disappointment

There will be a delicious light lunch provided by the team at Morrells and some time to mingle in the atmospheric setting.

The cost for this wonderful day of delights is R350 per person, which included a 12-month subscription to *Top Billing* magazine. There is limited spacing available, so book your tickets ASAP and send your RSVP to David Simmons at [dsimmons@topbilling.com](mailto:dsimmons@topbilling.com)
